

Stewardship Committee Description of Duties

Mission Statement

To illuminate to everyone the bountiful blessings that they have been given from the Lord and to aid in their understanding that this bounty is to be shared with all of God's creatures.

Role In the Life of the Church

Help members focus on how their gifts can be shared, including financial. Educate members on the Gospel derived lessons for giving. To help our congregation grow beyond believing that stewardship is simply about financial gifts. Continue to find and develop new ways that people can give their gifts to the church and the Lord's work.
